

# Prince Kumar Singh

## Frontend React Native Developer

I am a **Front-end react-native mobile app developer** with an eye for detail, a passion for design, and a love for creating seamless user experiences. I always aim for excellence in design and user experience, and I'm excited to pick up new technology trends and keep working harder. I am destined to be a significant asset to any organization because of my capacity for teamwork, and my ability to think creatively, and produce results.

## EDUCATION

### Bachelor of Technology

I.K. Gujral Punjab Technical University, Mohali Campus-1

08/2019 - 06/2023

GPA : 8.175

#### Courses

- Computer Science and Engineering

## PERSONAL PROJECTS

Laundrymart (Role : Front-end developer) [🔗](#)

- Tech. Stack used: **React Native Expo, Javascript, Firebase, Redux, Expo-Location, React Navigation, Lottie Animation.**
- Laundrymart is a responsive cross-platform mobile app created using React Native Expo CLI. It has a clean User Interface designed for Laundry service providers/agencies and consumers can get Laundry services by placing an order on our app.
- Built the whole front-end with React Native Expo CLI and stored the user's authentication credentials in Firebase authentication and their order details in the Firestore database. Also implemented **React Navigation** to navigate from one screen to another.
- Implemented Lottie animations for Order Screen to show the animation after the order gets placed.

Uniclub (Role : Front-end developer) [🔗](#)

- Tech. Stack used : **HTML, CSS, Javascript, ReactJS, NodeJS, ExpressJS.**
- UniClub is a club management web application basically designed to **handle the working of the clubs of our College**, which offers and controls a variety of club activities, including sharing event information, posting club-related information, and assigning Presidents to every Club via Admin Panel.
- Group Project : As a **Project Leader**, designed the whole UI using Figma and then developed the whole **Front-end from scratch using NextUI in React.**
- Implemented navigation Routes to navigate from one page to another.

## WORK EXPERIENCE

### React Native Trainee

INFOWIZ

02/2023 - 06/2023

Chandigarh

#### Achievements/Tasks

- Learnt the basics of **Frontend development** in React Native during my apprenticeship.
- Worked on **React Native CLI** as well as **Expo CLI.**
- Worked practically on **React Navigation** and **Firebase Authentication.**
